HOLY QURAN

In the Holy Quran, Allah has presented many decrees regarding the triumph of His Messengers. One such decree, in Surah Al-Mujadalah, states:

كَتَبَ اللَّهُ لَأَغْلِبَنَّ أَنَا وَرُسُلِي إِنَّ اللَّهَ قَوِيٌّ عَزِيزٌ ﴿٢٢﴾

Allah has decreed: 'Most surely I will prevail, I and My Messengers.' Verily, Allah is Powerful, Mighty.
Holy Quran - Ch. 58, V. 22

The measure of victory or dominion is explained in this verse of Sura Al-Anbiya':

أَفَلَا يَرَوْنَ أَنَّا نَأْتِي الْأَرْضَ نَنْقُصُهَا مِنْ أَطْرَافِهَا أَفَهُمُ الْغَالِبُونَ ﴿٢٥﴾

Do they not see that We are visiting the land, reducing it from its outlying borders? Can they even then be victors?
Holy Quran - Ch. 21, V. 45

There are 239 countries in the world. Jama'at Alamgir has spread to 214 countries, as stated by Huzur Aqdas (aba). Alhamdulillah.

A NEW UNIVERSITY IN NIGERIA

Continuing a long legacy of Tehrik-e-Jadid's work in the field of education.

Above Maulana Al-Haji Abdul Raheem Nayyar

On September 4, 1922, the Ahmadiyya Muslim Community in Nigeria, led by its first foreign Missionary, Maulana Alhaji Abdur Raheem Nayyar, who had arrived the country barely a year and a half earlier, made history by establishing the first Muslim School in Nigeria. The school was named Talim-ul-Islam Ahmadiyya School located at 33/37 Aroloya Street, Lagos Island, Lagos State, Nigeria and still exists till date.

The Resident of the Colony, Dr. Henry Carr, was quoted as saying at its formal commissioning:

"The credit to establish a Mission School for Muslims and their children belonged to the diligent effort of the Ahmadiyya Muslim Community in Lagos, Nigeria as they were the first to make the great sacrifice to lead other denominations of Muslim sects to effect the establishment of the Muslim school in Lagos"

From: Centenary History of Ahmadiyya Muslim Jama'at, Nigeria

MINARET INTERNATIONAL UNIVERSITY

Minaret University, Ikirun, was promoted by the Ahmadiyya Muslim Jamaat of Nigeria with the approval and blessings of the Worldwide Head of the Ahmadiyya Muslim Community, Hazrat Mirza Masroor Ahmad, Khalifatul Masih V, marking a historic achievement for faith-based higher education in Nigeria.

A VISION ROOTED IN HISTORY

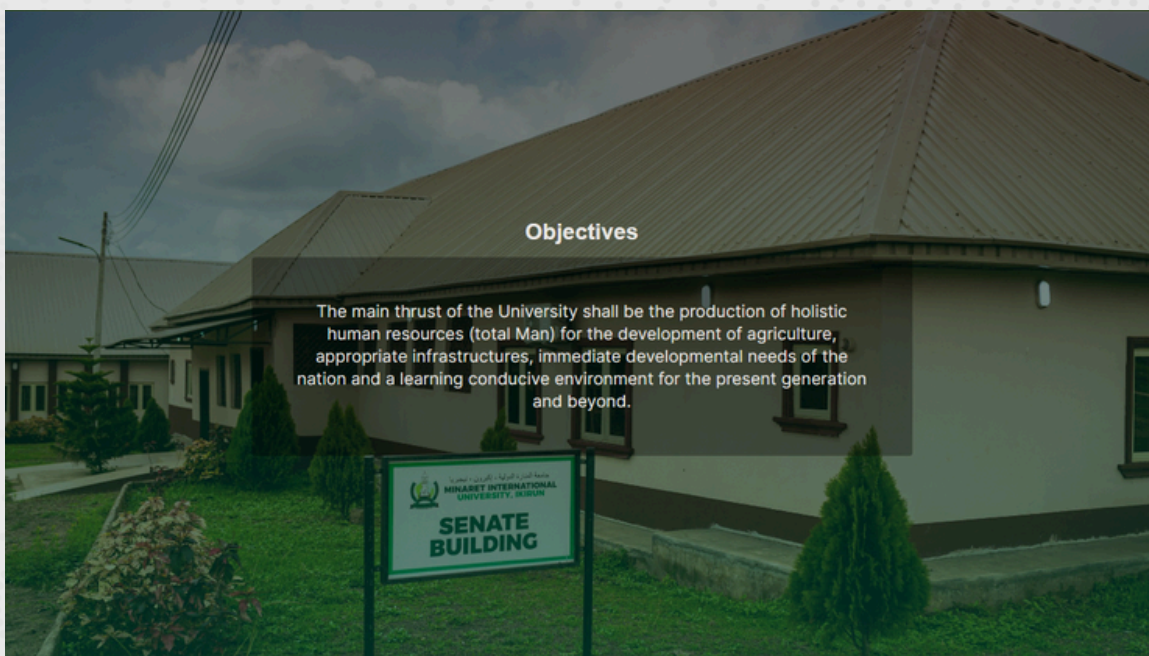

The journey toward Minaret University began in 2016 when the Ibadan circuit of the Ahmadiyya Muslim Jama'at of Nigeria proposed the idea at the annual Shura (Consultative Meeting). The then Amir (Head), Professor Mashuud Adenrele Fasola, who retired from the Department of Economics, University of Lagos, presented the resolution was to the Worldwide Head of the Ahmadiyya Muslim Community, His Holiness Hazrat Mirza Masroor Ahmad, Khalifatul Masih V, during a special meeting at the UK Jalsa Salana.

A LEGACY OF EDUCATIONAL EXCELLENCE

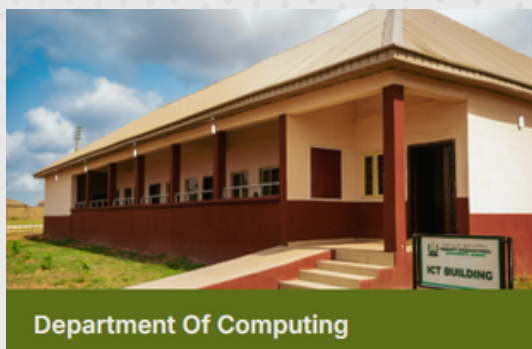

The Ahmadiyya Muslim Jama'at of Nigeria, AMJN, has a long-standing tradition of pioneering education in Nigeria, dating back to the establishment of the first Muslim primary school, Talimul Islam, in Lagos in 1922. Over the decades, the community has expanded its educational footprint with numerous secondary schools, missionary training colleges, technical college and Quranic memorization institutions, in Ondo, Kano, Nasarawa, Oyo, Osun, Lagos and Ogun States. Most of the secondary schools were donated to various state governments and a few remain with the Ahmadiyya establishment under the "Nusrat Jehan" – Leap Forward Scheme for Africa.

The establishment of Minaret University, Ikirun, Osun State, Nigeria, represents the culmination of this rich legacy, positioning Nigeria as a hub for faith-based higher learning. Remarkably, this is the first University to be established by the Ahmadiyya Muslim Community globally. Professor Abdul Rahman Abdullah, of Babcock University has been appointed the pioneer Vice Chancellor of the University.

Objectives

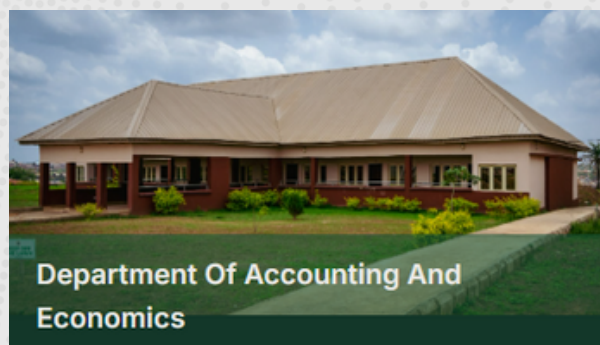

The main thrust of the University shall be the production of holistic human resources (total Man) for the development of agriculture, appropriate infrastructures, immediate developmental needs of the nation and a learning conducive environment for the present generation and beyond.

IMPACT OF WAQF-E-JADID SCHEME

A new Mosque is built in Kenya in August 2025. This is in continuation of building 100 Mosques, a target given by Hazrat Khalifatul Masih IV (rh).

On August 8, 2025 Nasir Mahmood Tahir Sahib, Amir, Nigeria unveiled the plaque and opened the Mosque with silent Dua. Local TV Station covered the news on August 10 for about 4 minutes (Al Fazal I Sept. 17, 2025).

Watch a news segment from MTA World News on the inauguration of two new mosques in Kenya.

ANECDOTES OF SACRIFICES FOR WAQF E JADID AS NARRATED BY HAZRAT KHALIFATUL MASHIH V (ABA)

1. Anecdote from Belize

The incident is about a boy who is 14 years old. He contributed under the scheme of Tehrik-e-Jadid and I mentioned about his contribution during the sermon for Tehrik-e-Jadid. Upon this, many people congratulated him and someone from Canada also sent him 200 dollars as a reward for his sacrifice.

Just ponder over the thinking of this youth, who is just a youth of 14 years. If it were someone living here, they would have immediately bought games with the money. That boy said, "I wanted to make my social security card, and I required 30 dollars for this. For this reason, I kept 30 dollars, but I want to give the remaining 170 dollars in alms just as before."

He belongs to a poor household. He was advised to keep that amount for his own expenses, and it was even insisted upon. However, he was adamant and offered that amount in alms. This is what is meant by giving precedence to your faith over worldly matters. May Allah the Almighty ensure the means for this boy's way of thinking to remain like this and may Allah the Almighty safeguard him from the worldly environment around him. 2. Anecdote from Jamaica

Then, there is an incident from Jamaica of a khadim named Yasin. He was unemployed for a long time. He would make ends meet by selling small things in the streets, such as sweets and chocolates etc. Even in this dire state, he was still concerned about how he would offer financial sacrifices. He was worried that he had made a pledge for Waqf-e-Jadid but the year was coming to an end and he had nothing to offer. Eventually, one evening at the very end of December, he came to the missionary and said, "I earned 400 Jamaican dollars today, and of that, I am taking out 25% and contributing 100 dollars towards the Waqf-e-Jadid scheme."
